## **ABOUT:**

Born July 9, 1980 in Soviet Runo village, Stavropol area, USSR.

Graduated as a painter. Has made numerous hand-drawn books, graphics projects and paintings. In 2008 started to explore the possibilities of digital animation, revising its as an entertainment and applied medium. Uses animation as an artist's tool, unlocking the potential for visual experiments as well as for creating philosophical narratives and essays. Continues to create artworks both for festivals and exhibition spaces.

Since 2013 has been working in collaboration with partner and wife Nadya Svirskaia.

Since 2022 based in Berlin.

## **DIRECTOR'S STATEMENT:**

A central feature of my artistic method is spontaneity. The usage of a wide variety of techniques, such as mixing digital drawings, hand drawings on paper, photos, collage, and 3D, is a crucial feature of my artistic method. It allows me to dissolve any narration if it appears in a particular film. From this chaotic world, all sorts of unique features emerge and disappear. Movies I have made vary in style and theme. For me, a spontaneous game in making a film that is not bound by pre-existing rules is a way to reflect on the nature of freedom and how it can be manifested and exercised.

## **EDUCATION:**

2008 - MFA Equivalent / Kuban State Professional University, Krasnodar, Russia; Educator of Fine Art in speciality of the Fine Art.

2002 - BFA Equivalent / Grekov Art College, Rostov-on-Don, Russia; Artist-Educator in speciality of the Painting.
